The Design Office of Steve Neumann & Friends has the expertise to solve your wayshowing dilemmas.... but in more current terms.

We are a team of  
graphic and architectural  
signage designers,  
*not* fabricators...

Our design solutions created for wayfinding/  
wayshowing programs reflect over 40 years  
of practical experience and commitment while  
partnering with nationally recognized healthcare  
facilities. We find our attention to detail, program-  
ming, design, follow-thru and absolute confidence,  
ultimately leads to long term positive relationships  
and patient experience, which continue to this day.

Allow us to assist your facility  
in finding your way.
